To Whom It May Concern:

When we originally formed our husband-wife LLC, we elected to be taxed as a Partnership.

We no longer desire to be taxed as a Partnership.

We would like to change the classification of our LLC to be a Qualified Joint Venture (disregarded entity) since we are husband and wife and file our federal 1040 return jointly.

Please let me know if you have any questions or need anything else.

Please mail a confirmation letter to our address listed above.
